What's New?

Discovery Course

Our "Discovery" course allows students a flexible entry by allowing them to grow into an instrument that resonates with them. Our Discovery Course is 30 to 60 days in length and introduces students of all ages and abilities to a variety of instruments so they have more opportunity, flexibility and confidence when choosing their primary instrument course of study.

Music Technology

This program is paired with our sister recording studio Echo Lounge. Weekly Lessons exclusively in music technology and recording. Learn how to program drums, produce sounds, signal flow, edit audio, and manipulate the audio spectrum with the various audio tools professionals use in their workflow. Students will participate in recording projects and also gain access to the Echo Lounge Studios Studio B Audio Lab for individual lab time.

Our Programs

MPA Individual Private Lessons are designed to be a 30 minute, once weekly lesson. Lessons are custom tailored to meet the needs of each student based on the students present ability and goals. We teach Guitar, Bass, Drums, Piano, Ukulele, Mandolin, Voice, Music Technology, and Recording Engineering and more.

MPA Music Technology/Recording program is paired with our sister recording studio Echo Lounge. Weekly Lessons exclusively in music technology and recording. Learn how to program drums, produce sounds, signal flow, edit audio, and manipulate the audio spectrum with the various audio tools professionals use in their workflow for audio and film production. Students will participate in recording projects and also gain access to the Echo Lounge Studios Studio B Audio Lab for individual lab time.

The Recording Artist program is paired with our sister recording studio Echo Lounge. Each student has a 30 minute weekly lesson. 2 Lessons per month are instrument lessons, while the other 2 lessons are lessons on recording engineering and music production.

All MPA Students get access to our music business seminars and special guest events at a 10% discounted price.
